Members

During the period, the Company affiliated with the Humane Society of the United States and Humane Society International (HSI Global) formalising a 30-year relationship which had involved the sharing of the name Humane Society International as well as policy frameworks and work on an international front. The timing was driven by the rebranding of HSI Global (becoming Humane World for Animals in February 2025) and the opportunity to continue and deepen our relationship with a shared new brand. This involved the adoption of a new constitution with five initial directors (three of whom were existing directors) and the addition of two directors from HSI Global. The new constitution also involved changes to the Company membership structure whereby the initial directors became the voting members, and all other members became associate members. An associate member does not have voting rights but is entitled to attend and ask questions at Annual General Meetings and receive audited financial statements. The new constitution was adopted by the members on 6 December 2024 and subsequently amended in a Special General Meeting on 11 January 2025 to reflect the name change from Humane Society International Limited to Humane World for Animals Australia Limited.

As at 31 December 2025, the number of voting members was 5 (2024: 54) and associate members 41 (2024: 0).

Humane World for Animals Australia Limited
Notes to the Financial Statements
For the Financial Period Ended 31 December 2025

Basis of preparation

The financial statements are presented in Australian Dollars (\$AUD), which is also the functional currency of the entity.

The material accounting policy information that has been adopted in the preparation of this report is as follows:

Revenue from contracts with customers

Revenue is recognised on a basis that reflects the transfer of promised goods or services to customers at an amount that reflects the consideration the entity expects to receive in exchange for those goods or services.

Revenue is recognised by applying a five-step model as follows:

1. Identify the contract with the customer
2. Identify the performance obligations
3. Determine the transaction price
4. Allocate the transaction price to the performance obligations
5. Recognise revenue as and when control of the performance obligations is transferred

Income tax

No provision for income tax has been raised as the entity is exempt from income tax as a registered charity under the *Australian Charities and Not-for-profits Commission Act 2012*.

Property, plant and equipment

Land and buildings at fair value

Freehold land and buildings are measured at fair value less accumulated depreciation on buildings and less any impairment losses recognised after the date of the revaluation.

Fair values are confirmed by independent valuations which are obtained with sufficient regularity to ensure that the carrying amounts do not differ materially from the assets' fair values at the reporting date.

Depreciation

The depreciable amount of all fixed assets (other than land) is depreciated over the asset's useful life to the entity commencing from the time the asset is held ready for use.

The useful lives used for each class of depreciable assets are:

| Class of fixed asset | Useful lives |
|-----------------------------|---------------------|
| Buildings | 30 years |
| Office equipment | 3 – 5 years |
| Emergency equipment | 3 – 5 years |

Conservation land

Conservation land is real estate with ecological, historical or cultural values. Conservation land includes purchased and donated properties and conservation easements, which are held for eventual resale or donation to government agencies or other organisations or individuals who will become permanent conservation owners.

Humane World for Animals Australia Limited
Notes to the Financial Statements
For the Financial Period Ended 31 December 2025

Purchased conservation land is recorded at acquisition cost. Conservation land received by donation is recorded at its estimated fair value at the date of the donation. Such donations are reported as net assets without donor restrictions, unless the donor has restricted the donated conservation land to a specific purpose. Conservation land donated with explicit restrictions regarding its use is reported as net assets with restrictions. Costs incurred in carrying parcels of real estate such as taxes and maintenance, are expensed as incurred.

Conservation land parcels determined to have no ecological value may be sold to support land conservation efforts. To ensure the entity's commitment to conservation, real estate with ecological value is held or transferred, including by sale, to appropriate conservation partners. When conservation land is transferred, the proceeds are included as part of total support and revenue and are shown as sales of conservation lands to others on the combined statement of activities, the carrying value of the land and transaction costs incurred with the transfer are shown as program service expenses.

Trade and other payables

These amounts represent liabilities for goods and services provided to the entity prior to the end of the financial period and which are unpaid. Due to the short-term nature, they are measured at amortised cost and are not discounted. The amounts are unsecured and are usually paid within 30 days of recognition.

Liabilities relating to contracts with customers

Contract liabilities

A contract liability is recognised if a payment is received or a payment is due (whichever is earlier) from a customer before grant conditions are fulfilled. Contract liabilities include deferred income. Contract liabilities are recognised as revenue when the entity performs under the contract (i.e., fulfils conditions of the grant).

Significant judgement in applying accounting policies

When preparing the financial statements, the Board of Directors and/or management undertake a number of judgements, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses.

Estimation uncertainty

Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may be substantially different.

Useful lives of depreciable assets

The Board of Directors and/or management review their estimate of the useful lives of depreciable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical obsolescence that may change the utility of certain depreciable assets.

Long service leave

The liability for long service leave is recognised and measured at the present value of the estimated cash flows to be made in respect of all employees at the reporting date. In determining the present value of the liability, estimates of attrition rates and pay increases through promotion and inflation have been taken into account.

- (a) giving a true and fair view of the registered entity's financial position as at 31 December 2025 and of its performance for the period ended on that date; and
- (b) complying with Australian Accounting Standards – Simplified Disclosures and Division 60 of the *Australian Charities and Not-for-profits Commission Regulations 2022*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the registered entity in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Report and Auditor's Report Thereon

The Board of Directors is responsible for the other information. The other information is the directors' report accompanying the financial report.

Our opinion of the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Independent Auditor's Report to the Members of Humane World for Animals Australia Limited
For the Financial Period Ended 31 December 2025

Responsible Persons' Responsibility for the Financial Report

The responsible persons of the registered entity are responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards – Simplified Disclosures and the ACNC Act, and for such internal control as the responsible persons determine are necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the responsible persons are responsible for assessing the registered entity ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the responsible persons either intend to liquidate the registered entity or to cease operations or have no realistic alternative but to do so.

The responsible persons are responsible for overseeing the registered entity financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

A further description of our responsibilities for audit of the financial report is located at the Auditing and Assurance Standards Board website at: <http://www.auasb.gov.au/Home.aspx>. This description forms part of our auditor's report.

Report of the requirements of the NSW Charitable Fundraising Act 1991

We have audited the financial report as required by Section 24(2) of the *NSW Charitable Fundraising Act 1991*. Our procedures included obtaining an understanding of the internal control structure for fundraising appeal activities and examination, on a test basis, of evidence supporting compliance with the accounting and associated record keeping requirements for fundraising appeal activities pursuant to the *NSW Charitable Fundraising Act 1991* and the *NSW Charitable Fundraising Regulation 2021*.

Because of the inherent limitations of any assurance engagement, it is possible that fraud, error or non-compliance may occur and not be detected. An audit is not designed to detect all instance of non-compliance with the requirements described in the above-mentioned Acts and Regulations as an audit is not performed continuously throughout the period and the audit procedures performed in respect of compliance with these requirements are undertaken on a test basis. The audit report expressed in this report has been formed on the above basis.
